Re: *Explain the difference*

Hanoi, August 11, 2025

**To: - State Securities Commission
- Hanoi Stock Exchange**

ONE Technologies Corporation (ONE CORP) would like to send our most respectful greetings to your agency.

Our company would like to explain the difference between the 2025 interim financial report and the 2024 interim financial report.

Data according to the report:

Unit: VND

ITEMS	Interim Financial Report 2024	Interim Financial Report 2025	Difference	
Sales revenue	169.762.366.142	103.380.555.557	(66.381.810.585)	-39%
Profit after tax	(5.691.782.331)	474.929.235	6.166.711.566	+108,34%

Although revenue in the first 6 months of 2025 decreased by 39% compared to the same period in 2024, profit after tax increased by 108.34% due to the following reasons:

- Provision for bad debts decreased
- Interest expense decreased
- Service revenue increased. The profit margin from service revenue will be much higher than the profit margin from selling goods, so this is also a criterion that brings better results to the company compared to the previous year

The above are the main factors leading to the profit results in the first 6 months of 2025 increasing compared to the same period in 2024.

The Company respectfully reports to the State Securities Commission, Hanoi Stock Exchange and all shareholders of the Company

Sincerely thank you!

GENERAL DIRECTOR
